1. We are pleased that EUSA can conduct the proposed **GRCOND** field exercise. However, because of personnel changes in Salzburg Operations Base, we will not be able to send an AEB representative on this exercise the last week in September. We agree though that a representative should be present, and if it is possible for us to send a one in October, we will arrange a new date then for your approval. If it is not possible to arrange an October exercise, it may be best to postpone it until next spring.

2. We do have of several camp sites in Southern Bavaria which we have used successfully in the past for field exercises and now ones could not be hard to find. We will select a proper site with proper regard for security when we arrange a new training date.

3. SOB already has enough rucksacks, sleeping bags, air mattresses, tents and other camping supplies to equip not only the agent and case officer but also the training officer. If the particular training officer wishes, he can use our equipment. The case officer, of course, will supply food and water. As is already proposed in reference, the training officer will need to bring all radio equipment and personal items (outdoor clothing, etc.).

4. We suggest that the initial training review be conducted in a Munich conference. This would only be one or two hours drive from several contemplated camp sites.
